

Meritech is a leading company for the innovative and high-efficient feed additives worldwide. Since its establishment in 2006, Meritech has always concentrated on the research, development and marketing of the high-efficient, environmental-friendly green feed additives. Currently we are cooperating with the majority of the Top 50 feed companies and integrators in China. For the past 12 years, Meritech has been recognized as a key player and obtained lots of awards such as "National Innovation and HI-TECH Enterprises", "Top 5 Supplier for Feed Additives" etc. More than 10 patents have been granted through our R&D team's endeavor. We are firm and consistent to convey our mission of "Do our best to provide quality and safe animal protein food".

## QUALITY INSURANCE SYSTEM

Meritech is committed to providing quality services and products. Customer satisfaction is always our goal. Our company has been certified by ISO 9001:2015 and ISO 22000:2005 (HACCP) to ensure the consistency and quality of our products.
